

April 8<sup>th</sup> 2009

Dear Sir/Madam,

We hereby confirm that we are supplying merino wool yarn to ORIGINAL BUFF, S.A. for their range of Wool Buff® headwear.

Yarn in Motion by Südwolle focuses on merino wool which unites optimum functionality and comfort:

- Insulation from heat or cold
- Moisture shield with the capacity to absorb up to a third of its volume in water without feeling wet
- Outstanding elasticity due to structure of the fibres
- Easy care, resistance to wrinkling and stain resistance
- Refined merino products are machine-washable
- Pleasant wearing: light and non-scratching
- Resistance to odours
- Naturally flame retardant
- Natural material: long-lasting, renewable, recyclable

In addition to the above benefits brought by our best ranges of fine merino wool yarn, we hereby confirm that the merino fibre we are supplying to ORIGINAL BUFF, S.A. is sourced from farms which do not practise mulesing.

For more information on our yarns please visit [www.suedwolle.de](http://www.suedwolle.de) // [www.yarn-in-motion.de](http://www.yarn-in-motion.de)
